Dear Commissioner:

Applicants respectfully request a Certificate of Correction pursuant to 35 U.S.C. 254 for the above-identified patent. In the title, the text reads "AUDIO DELIVERY AND RENDERING METHOD AND APPARATUS", it should read "AUDIO SYNTHESIS USING DIGITAL SAMPLING OF CODED WAVEFORMS" as written in the Notice of Allowance dated February 7, 2006. Additionally, in line 25 on page 9 of the printed patent document lies a printing error. The originally submitted specification reads "generally recognized that MIDI files and..." in line 7 on page 3, whereas in the printed document the text reads "generally recognized that MDI files and..."; line 25 on page 9. The text should read as it does in the originally filed specification.

Applicants believe the above listed error was the responsibility of the Office and therefore a Certificate of Correction is warranted without payment of a fee.

We believe no fees accompany this transmission. If, however, insufficient fee payment occurs, the amount may be withdrawn from Axios Law Group's deposit account. The deposit account number is 50-4051.

Should you have any questions, please do not hesitate to contact me at the number provided below.

Kind regards,
